

## Class 2 Assessment Weight Details for supplied vehicles.

If you are completing the Class 2 NZTA Approved Driver Licence Course using your own vehicle, your vehicle must meet all NZTA requirements:

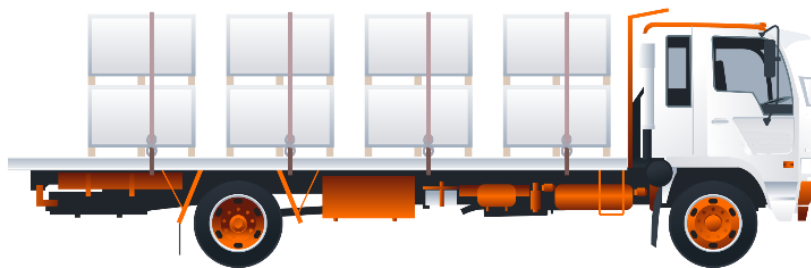

- Current Certificate of Fitness and COF labels displayed on the windscreen.
- Current Road User Charges licence or E-road.
- Current vehicle licence displayed.

Assessment cannot take place if any of the above conditions are not met.

Vehicles must be loaded as follows:

### Class 2 Truck

Gross Vehicle Mass (GVM) up to:	Weight of loaded truck:
6500kg	6,100kg
8,000kg	7,200kg
11,000kg	8,700kg
15,000kg	12,000kg
18,000kg (this truck is a 6x2)	16,000kg

## **Class 2 Bus**

Buses used for Class 2 assessments must have seating for at least 20 passengers plus the driver (21 people in total). It does not need to be loaded.

## **Load Restraint Requirements**

The load must be properly restrained to the requirements of the Truck Loading Code for the assessment to take place:

- The combined rated strength of all the restraints for loads baulked against the headboard must be equal to the weight of the load.
- For loads not against the headboard, the combined rated strength of all the restraints must be equal to twice the weight of the load.
